## Cantonal banks to use *theScreener's* equity evaluations

Zurich, June 25, 2009. Swiss cantonal banks add *theScreener's* independent equity evaluations to [www.yourmoney.ch](http://www.yourmoney.ch).

The Swiss cantonal banks of Appenzell, Freiburg, Graubünden, St. Gallen, Uri and Zug have chosen the *theScreener's* independent equity analysis to complement the content of [www.yourmoney.ch](http://www.yourmoney.ch). Based on the technology developed by Swiss based Rolotec AG, this shared financial information platform provides cantonal bank customers with easy-to-understand investment decision-support.

Updated twice a week, *theScreener's* evaluations combine fundamental, technical and forward-looking elements. This service can be found in the member's section of [yourmoney.ch](http://yourmoney.ch). It provides upside and risk evaluations for all commonly traded equities, and indicates positions requiring attention.

"*theScreener's* independent evaluations give our Internet users valuable guidance. The ratings and comments are clear, meaningful and an excellent addition to the existing market data information," says Vanni Tico, Director Web Applications at St. Galler Kantonalbank.

"[yourmoney.ch](http://yourmoney.ch) is comprehensive, flexible and customer-friendly. We are pleased to have the opportunity to support the customers of this important group of cantonal banks," adds Andreas Lusser, Director of *theScreener* in Zurich.
