theScreener and SAAM signs partner agreement

theScreener and the Swiss Association of Asset Managers (SAAM) have partnered and through the new agreement, all active members of SAAM benefit from an attractive offer regarding theScreener Reporter.

theScreener Reporter is a new, smaller and simplified access the assessments and factsheets from theScreener. The Reporter package which is offered to the active SAAM members include not only the stock analysis, but also access to our comprehensive industry, country and world index ratings. Thereby the SAAM members will have access to uniform rating reports from all important markets allowing for systematic comparable decisions. Every report available is updated twice a week ensuring the research is always up-to-date.

With thousands of theScreener users worldwide to date from big banks to smaller investors, the integration of theScreener Reporter can be a great benefit to SAAMs active members, allowing smaller shops to have access to independent research at a very low cost, without being dependent on the bigger banks.

More information about the offer to SAAM can be found here:
