

theScreener Feed

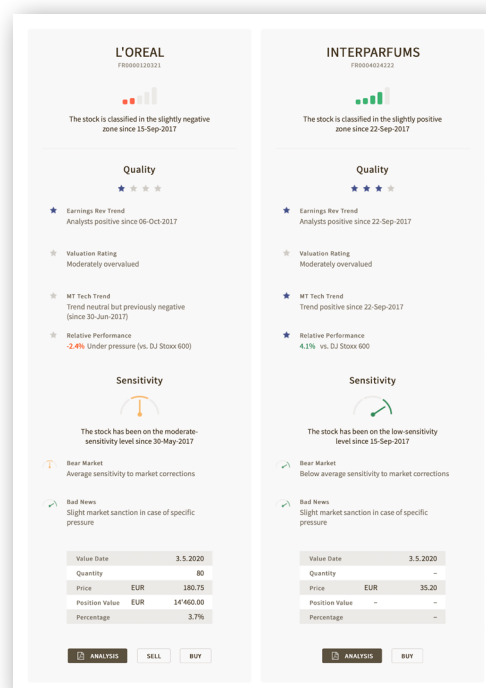

PROFESSIONAL RATINGS AND ANALYTICS FOR YOUR SYSTEMS

IMPROVE YOUR CLIENT INTERACTIONS

theScreener Feed delivers theScreener's ratings and analytics via an easy-to-integrate data feed to populate your core-banking, portfolio management, online-/mobile-banking and brokerage systems.

Provide valuable insight into your client's wealth situation by integrating theScreener's ratings and analytics into client portfolio views. Whether you want to improve your client interactions, enhance trading activity or provide additional reasons for your client advisors to contact clients, then theScreener Feed is the right solution for you.

Through better quality and more timely client interactions you create a unique customer experience, which your clients will love.

Highlights:

- Data feed solution for easy integration of theScreener ratings and analytics into third party systems
- Unbiased research on equity, markets, industries, sectors and funds/ETFs worldwide
- Includes text and symbols for effective visualization.
- 6,000 stocks, 40 markets, 18 industries, 100 sectors and 15,000 funds/ETFs
- Optional: investment alternatives, rating up- and down-grades, investment ideas for diverse investment styles (e.g. high dividend stocks, defensive stocks, analysts favorites)
- Delivery via easy to import XML files through twice weekly batch process
